## Course Guide

Please review the table below to see all the components of the course

<b>Course components</b>	<b>Description</b>
<b>Pre-test</b>	The pre-test consists of a survey designed to assess your knowledge of the subject matter prior to viewing the lesson. You have one attempt and must take the pre-test before viewing the lesson.
<b>Course Materials</b>	This training consists of one self-paced lesson and one handbook. Learners must download and review the handbook prior to accessing the lesson. After the completing the lesson, learners return to the course page to complete the course evaluations – a code will be provided in the Claim Credit section. Please note the technical requirements for viewing the lesson provided in Moodle.
<b>Course evaluation</b>	All course evaluations are completely anonymously and help us to make any improvements, if necessary, to the course. You must submit the evaluation before accessing your credit and Certificate of Completion.
<b>Claim Credit</b>	Once you have completed all the course components, you will be directed to the BU CME/CNE website to pay for the course, claim credit, and access your Certificate of Completion. You should download the Certificate to keep a copy. A copy will always be available in your BU CME/CNE account.
